How the Match Algorithm Works

- Applicant proposing
- Starts with an attempt to place an applicant in the program ranked #1 by the applicant
- A tentative match occurs:
 - if the program also ranked the applicant and the program has unfilled positions
 - if the program is filled but the applicant is ranked higher than another applicant tentatively matched to that program

How the Match Algorithm Works

- There is no match if:
 - the program did not rank the applicant
 - the program ranked the applicant but is filled with other applicants more preferred by the program
- Matches are final when:
 - when the algorithm completes its cycles, all tentative matches become final
- Couples match when:
 - the algorithm places a couple in their highest ranked pair of programs on the PRIMARY list where BOTH matched

Terms and Conditions of the

Match Participation Agreement

between

Applicants, the NRMP and Participating Programs

18.0 General

If any provision of this Agreement is found in any arbitration proceeding or by any court of competent jurisdiction to be invalid, illegal, or unenforceable, that provision shall be modified to the minimum extent necessary to achieve the purpose originally intended, if possible, and the validity, legality, and enforceability of the remaining provisions will not be affected or impaired and are to be enforced to the maximum extent permitted by applicable law. If any remedy set forth in this Agreement is determined to have failed of its essential purpose, then all other provisions of this Agreement will remain in full force and effect.

Failure of any party to act or exercise its rights under this Agreement upon the breach of any other terms hereof by any other party, is not to be construed as a waiver of such a breach or prevent such party from later enforcing compliance with any or all of the terms hereof. This Agreement contains the entire agreement between the parties with respect to the Matching Program and its results. Any representations, promises, or conditions not incorporated in this Agreement will not be binding upon any of the parties. National Resident Matching Program®

The Match Commitment

SECTION 5.1:

“The listing of an applicant by a program on its certified rank order list or of a program by an applicant on the applicant's certified rank order list establishes a binding commitment to offer or to accept an appointment if a match results and to begin training in good faith on the date specified in the appointment contract. The same binding commitment is established during the *Match Week Supplemental Offer and Acceptance ProgramSM* (*SOAPSM*) if a program offers a position by listing an applicant on its preference list and the applicant accepts that offer.

Failure to honor this commitment by either party participating in a Match will be a breach of this Agreement and may result in penalties to the breaching program or applicant...an applicant who terminates or resigns a position within 45 days of the start date in the appointment contract shall be presumed to have breached this Agreement...”

Match Waivers

In limited circumstances, the NRMP may grant a waiver of the Match commitment.

Applicants:

- Hardship
- Change of specialty
 - must be requested by January 15
- Completion of residency postponed

Waivers must be requested from, and can be granted only by, the NRMP.

Match Waivers - Consequences

If a waiver is approved:

- The applicant may obtain another position or participate in future Match and the program may begin to recruit for the position.

If a waiver is not approved:

- Both the applicant and program are expected to honor the Match commitment.
- Failure of either party to honor the Match commitment is grounds for a violation investigation and the levying of sanctions.

Communication between Applicants and Programs

6.0 Restrictions on Persuasion

“One of the purposes of the *Main Residency Match* is to allow both applicants and programs to make selection decisions on a uniform schedule and without coercion or undue or unwarranted pressure. Both applicants and programs may express their interest in each other; however, they shall not solicit verbal or written statements implying a commitment. Applicants shall at all times be free to keep confidential the names or identities of programs to which they have or may apply.”

Communication between Applicants and Programs

Section 6.0:

It is a breach of the Match Participation Agreement for:

- (a) a program to request applicants to reveal ranking preferences; or
- (b) an applicant to suggest or inform a program that placement on a rank order list or acceptance of an offer during *SOAP* is contingent upon submission of a verbal or written statement indicating the program's preference; or
- (c) a program to suggest or inform an applicant that placement on a rank order list or a *SOAP* preference list is contingent upon submission of a verbal or written statement indicating the applicant's preference; or
- (d) a program to require applicants to reveal the names or identities of programs to which they have or may apply; or
- (e) a program and an applicant in the *Main Residency Match* to make any verbal or written contract for appointment to a concurrent year residency or fellowship position prior to the release of the List of Unfilled Programs.

Examples of Prohibited Communication

In the 2013 Main Residency Match, Dr. Holly Golightly interviewed with the Radiation-Oncology Program at American Hospital Center. She was encouraged at the end of her interview to send the program director a note indicating her level of interest so that the director would know how or whether to rank her.

In the 2013 Main Residency Match, Dr. Harry Potter interviewed with the General Surgery program at Hogwarts Medical Center. Dr. Potter was unsure how to respond when the program director asked where else he planned to interview and if he planned to rank the Hogwarts program as his first choice.

All In Policy

Programs participating in the *Main Residency Match* must register and attempt to fill all positions through the *Main Residency Match* or another national matching program.

Reproduction is prohibited without written consent of the NRMP.

Final Considerations

- Do not wait until the last minute to enter your rank order list. The servers may be overloaded and very slow.
- Do not make last minute changes to your rank order list. Most such changes are not well thought out and applicants frequently regret the changes.
- No changes can be made to ROLs after 9:00 p.m. EASTERN time February 20, and only certified lists will be used in the Match.
- The NRMP will NOT enter a list, add, delete or move programs or in any way modify a rank order list.

Summary

- Prepare a rank order list worksheet with program codes in order of preference before entering them on the “My Rank Order List” screen.
- Be sure to certify your rank order list.
- Complete your list at least a week before the February 20 deadline.
- Relax!
